Household Goods Transportation Tariff

Section 1 – Rules & Regulations

Item 1 – Application of Tariff

This tariff applies for the transportation of household goods shipments by the request of a consignor (“shipper”) between points in the contiguous United States by MUSCULAR MOVING MEN LLC and its agents (“carrier”).

As used in this tariff, the phrases, “consignor”, “shipper” and “customer”, all have the same meaning.

This tariff contains the governing rules and regulations, an explanation of the transportation charges, an explanation and rate of the additional services that may apply, and the discounts and transportation charges that apply between the points in the contiguous United States.

The rates listed in this tariff include one pickup at point of origin and one delivery at point of destination.

The carrier is authorized under this tariff to provide services based on either binding OR non-binding estimates. The transportation charges may be based on either the weight in pounds of a shipment, or the cubic feet of the space occupied by a shipment. Cubic feet based charges will be applied by the application of a Binding Estimate only.

The shipping documents used by the carrier are made a legal part of this tariff. The terms and conditions as indicated on the Bills of Lading, Orders for Service, and all other shipping documents used by the carrier are applicable to this tariff and are incorporated by reference.

The Carrier is authorized to provide services to moves ordered through a licensed broker as indicated in the terms of a signed agreement between the broker and the carrier. The broker shall adopt the carrier’s tariff rates as indicated herein and apply the carrier’s rates to all estimates assigned to the carrier.

Item 2 – Bill of Lading and Rates

Unless otherwise provided in this tariff, when property is transported subject to the provisions of this tariff, or as amended, the use of the carrier’s Interstate Household Goods Bill of Lading as described herein is required.

(a) If the bill of lading is issued on the order of the shipper, or his agent, in exchange or substitution for another bill of lading, the shipper’s signature to the prior bill of lading as to the statement of value or otherwise, or election for common law or bill of lading liability, or in connection with such prior bill of lading, shall be considered a part of the original bill of lading as fully as if the same were written or made in connection with the original bill of lading.

Any alteration, addition or erasure on a bill of lading made without a special notation thereon by the agent of the carrier shall be without effect and the bill of lading shall be enforceable according to its original tenor.

(b) The rates and charges shown herein are rates conditioned upon the use of the carrier’s Interstate Household Goods Bill of Lading. Consignor at their option may elect not to accept the terms and conditions of the carrier’s Interstate Household Goods Bill of Lading and in lieu thereof to cancel their move with the carrier.

When consignor elects not to accept any or parts of the terms and conditions of the bill of lading they must give notice to the carrier of such election prior to the loading of their shipment at origin. The carrier must indicate the receipt of such notice and the cancellation of the requested services by writing thereon a clause signed by both the carrier and the customer reading:

“Customer is refusing to accept the terms and conditions of the Interstate Household Goods Bill of Lading and is electing to cancel their move.”

(c) All rates and charges herein are dependent upon the shipment being released in accordance with the provisions of item 3 of this tariff.

Household Goods Transportation Tariff

Section 1 – Rules & Regulations

Item 3 – Released & Declared Shipment Value (Valuation)

The carrier's maximum liability shall be either:

(1) The lump sum value declared by the shipper, which may not be less than \$6000.00 or \$6.00 per pound multiplied by the actual weight of a non binding estimate, whichever is greater, or

(2) The actual loss or damage not exceeding sixty (60) cents per pound of the weight of any lost or damaged article when the shipper has released the shipment to carrier, in writing, with liability limited to sixty (60) cents per pound per article.

Unless the shipper expressly releases the shipment to a value not exceeding 60 cents per pound per article, the carrier's maximum liability for loss and damage shall be either the lump sum value declared by the shipper or an amount not less than \$6.00 for each pound of weight in the shipment, whichever is greater.

As used in this tariff, the phrases, "released value", "declared value", and "value declared by the shipper" shall have the same meaning.

Carrier's maximum liability and the valuation charges specified herein for the assumption of liability shall be subject to election by the shipper, prior to loading, of an appropriate maximum valuation amount and either deductible Options "A", "B", "C", "D" or "E". Shipper may declare or release the shipment to a higher maximum valuation amount, subject to one of the amounts shown in the table herein. To avoid these additional charges, shipper must waive the Full Value Protection option and agree that if articles are lost or damaged, carrier liability will not exceed 60¢ per pound for the actual weight of any lost or damaged article or articles in the shipment.

OPTION A – NO DEDUCTIBLE: Under Option A, the carrier assumes responsibility for the declared or released maximum valuation amount.

OPTION B – \$1,000.0: Under Option B, in consideration of a reduction in the valuation charge, the shipper assumes responsibility for the first \$1,000.0 of any claim, except as otherwise provided for in paragraph (i).

OPTION C - \$1,500.0: Under Option C, in consideration of a reduction in the valuation charge, the shipper assumes responsibility for the first \$1,500.0 of any claim, except as otherwise provided for in paragraph (i).

OPTION D - \$2,000.0: Under Option D, in consideration of a reduction in the valuation charge, the shipper assumes responsibility for the first \$2,000.0 of any claim, except as otherwise provided for in paragraph (i).

OPTION E - \$2,500.0: Under Option E, in consideration of a reduction in the valuation charge, the shipper assumes responsibility for the first \$2,500.0 of any claim, except as otherwise provided for in paragraph (i).

(a) The released value must be entered on the Bill of Lading, in the following form and may be completed only by the person signing it:

THE CONSUMER MUST SELECT ONE OF THESE OPTIONS
FOR THE CARRIER'S LIABILITY FOR LOSS OR DAMAGE TO YOUR HOUSEHOLD GOODS
CUSTOMER'S DECLARATION of VALUE
THIS IS A TARIFF LEVEL OF CARRIER LIABILITY – IT IS NOT INSURANCE

OPTION 1 – The Cost Estimate that you receive from your mover MUST INCLUDE Full (Replacement) Value Protection for the articles that are included in your shipment. If you wish to waive the Full (Replacement) Level of protection you must complete the WAIVER of Full (Replacement) Value Protection shown below.

Full (Replacement) Value Protection is the most comprehensive plan available for protection of your goods. If any article is lost, destroyed or damaged while in your mover's custody, your mover will, at its option, either 1) repair the article to the extent necessary to restore it to the same condition as when it was received by your mover, or pay you for the cost of such repairs; or 2) replace the article with an article of like kind and quality, or pay you for the cost of such a replacement. Under Full (Replacement) Value Protection, if you do not declare a higher replacement value on this form prior to the time of shipment, the value of your goods will be deemed to be equal to \$6.00 multiplied by the weight (in pounds) of the shipment, subject to a minimum valuation for the shipment of \$6000. Under this option the cost of your move will be composed of a base rate plus an added cost reflecting the cost of providing this full value cargo liability protection for your shipment.

If you wish to declare a higher value for your shipment than these default amounts, you must indicate that value here. Declaring a higher value may increase the valuation charge in your cost estimate.

The Total Value of my shipment is:

\$ _____ (to be provided by the customer)

Dollar Estimate of the cost of your move at Full (Replacement) Value Protection:

\$ _____ (to be provided by carrier)

Dollar Estimate of the cost of your move with \$ _____ Deductible: \$ _____ (to be provided by carrier)

I acknowledge that for my shipment I have 1) **ACCEPTED** the Full (Replacement) Level of protection included in the estimate of charges and declared a higher Total Value of my shipment (if appropriate); and 2) received a copy of the "Your Rights and Responsibilities When You Move" brochure explaining these provisions.

X _____ (Customer's Signature & Date)

----- OR -----

Option 2 – WAIVER of Full (Replacement) Value Protection. This lower level of protection is provided at no additional cost beyond the base rate; however it provides only minimal protection that is considerably less than the average value of household goods. Under this option, a claim for any article that may be lost, destroyed or damaged while in your mover's custody will be settled based on the weight of the individual article multiplied by 60 cents. For example, the settlement for an audio component valued at \$1,000 that weighs 10 pounds would be \$6.00 (10 pounds times 60¢).

Dollar Estimate of the cost of your move under the 60-cents option: \$ _____. (to be provided by carrier)

COMPLETE THIS PART ONLY if you wish to WAIVE the Full (Replacement) Level of Protection included in the higher cost estimate provided (above) (on the prior page) for your shipment and instead select the LOWER Released Value of 60 Cents Per Pound Per Article; to do so you must initial and sign on the lines below –

I wish to Release My Shipment to a Maximum Value of 60 Cents per Pound per Article _____
(Customer's Initials)

I acknowledge that for my shipment I have 1) **WAIVED** the Full (Replacement) Level of protection for which I have received an estimate of charges; and 2) received a copy of the "Your Rights and Responsibilities When You Move" brochure explaining these provisions.

X _____ (Customer's Signature & Date)

Provided that: Where the shipper is the employer of or the actual owner of the household goods being transported and is responsible for all transportation charges in connection with such move, the shipper may instruct the motor carrier to release the shipment to a value of 60 cents per pound per article (a) by specification made on the Bill of Lading, or (b) by issuing, in advance of the shipping date, appropriate letters of instruction to the carrier. In such instances, the motor carrier must incorporate the instructions by reference to the shipper's document in the bill of lading in lieu of the personal signature and handwritten statement relating to the released rates.

Household Goods Transportation Tariff

(b) When a shipment is tendered to the carrier with a released or declared value equal to or greater than \$6.00 per pound times the weight of the shipment in pounds, the carrier will, at its option, either repair items to the extent necessary to restore to the condition when received by the carrier; pay the shipper for the cost of repairs; replace item(s) with item(s) of like kind and quality; or make a cash settlement for the current market replacement cost of the item(s). Depreciated value of the goods is not a factor.

(c) Carrier's maximum liability shall not exceed the released or declared value of the shipment, or the full cost of repair to the damaged property, whichever is less. Carrier shall have the option of repair or replacement of damaged articles. All items which are replaced or for which the full current market value has been paid become the property of the carrier.

(d) Provisions of this item are contractual limits of liability as provided for in 49 U.S.C. Section 14706 and are not to be constructed as "Insurance".

(e) All shipments (other than those released to a value not to exceed 60 cents per pound per article) will be deemed released to a minimum lump sum value of \$6,000 or \$6.00 times the actual total weight (in pounds) of the shipment. The stated valuation must be in the increments shown herein. If the shipper declares or releases the shipment to a valuation that falls between the valuation amounts shown, or if no such declaration is made by the shipper and the valuation amount calculated by the carrier based on weight of the shipment falls between the valuation amounts shown, the highest valuation amount in the applicable charge associated therewith will apply. The deductible level (No Deductible, \$1,000.0, \$1,500.0, \$2,000.0 or \$2,500.0 deductible) of valuation declared will determine the valuation charge that will apply, as shown in the table.

(f) The weight used for determining the minimum valuation will be the actual net weight of the shipment.

(g) When Full Value Protection applies to a shipment that includes one (1) or more motor vehicles (automobiles, vans, pickup trucks, or sport utility vehicles), the carrier's maximum liability for the vehicles shall be either (1) the value stated in the current issue of the National Automobile Dealer's Association (N.A.D.A) official used car guide ("The Guide") for such vehicle(s), adjuster for the mileage and other factors considered in the guide, or (2) the appraised value of the vehicle(s), whichever is less.

(h) The released or declared value of the carrier's maximum liability, whether or not loss or damage, injury, or delay occurred from carrier negligence, as determined under the rule, shall apply to any claims resulting from the performance or failure to perform by carrier of any services, including accessorial services, which carrier has contracted to perform.

(i) When the shipper takes a written exception at the time of delivery for non-delivery of an inventoried item(s), and subsequently submits a properly documented claim for loss of the item(s) and carrier's investigation establishes the carrier's liability, the deductible amount, if any, shall not apply to the non-delivered item (s).

(j) Rates or charges herein based on released value have been authorized by the Surface Transportation Board in Amendment No. 5 to released rates decision No. RR-999, decided January 10, 2012, subject to complaint or suspension. Any limitation of liability resulting from application of this provision has been authorized by the Surface Transportation Board in Amendment No. 5 to released rates decision No. RR-999, decided January 10, 2012, subject to complaint or suspension.

EXCEPTION 1: Shippers who tender shipments which are released to a value greater than 60 cents per pound per article, that include an article or articles that exceed \$100 per pound per article, in value, must specifically notify the carrier in writing that an identified article or articles with a value greater than \$100 per pound are included in the shipment by execution of the High Value Inventory Form:

See Item 38 herein for the correct form and minimum contents of carrier's "Inventory of Items Valued in excess of \$100 per pound per article".

Section 1 – Rules & Regulations

Item 4 – Weighing & Weights

1. Carriers transporting shipments based upon a non-binding estimate shall determine the weight of each shipment transported prior to the assessment of any charges depending on the shipment weight. Except as otherwise provided in this item the weight shall be obtained on a scale meeting the definition of a certified scale as provided in 49 CFR 375.1(b)4.

2. Weighing procedure

a. except as otherwise provided in this item, the weight of each shipment shall be obtained by determining the difference between that tare weight of the vehicle on which the shipment is to be loaded prior to the loading and the gross weight of this same vehicle after the shipment is loaded; or, the gross weight of the vehicle with the shipment loaded and the tare weight of the same vehicle after the shipment is unloaded.

b. At the time of both weighing the vehicle shall have installed or loaded all pads, dollies, hand trucks, ramps, and other equipment required in the transportation of such shipment. Neither the driver nor any other person shall be on the vehicle at the time of either weighing.

c. The fuel tanks of the vehicle shall be full at the time of each weighing or, in the alternative, no fuel may be added between the two weighing when the tare weighing is the first weighing performed.

d. The trailer or the Tractor-Trailer vehicle combination may be detached from the tractor and the trailer weighed separately at each weighing providing the length of the scale platform is adequate to accommodate and support the entire trailer at one time.

e. The shipper or any other person responsible for payment of the invoice charges shall have the right to observe all weighing of the shipment. The carrier must advise the shipper or any other person entitled to observe the weighing of the time and specific location where each weighing will be performed and must give that person a reasonable opportunity to be present to observe the weighing. Waiver by a shipper of the right to observe any weighing or reweighing is permitted and does not affect any rights of the shipper under these regulations or otherwise.

f. Carrier may substitute manufacturer's weight for automobiles, truck, vans, campers, boats, and other similar vehicular or bulky articles in lieu of obtaining separate weight tickets on these articles whenever such articles are included within a shipment. Manufacturer's weight will be obtained from either the Branham Automobile Reference Book, the National Automobile Dealers Association (N.A.D.A) Official Used Car Guide (the "Guide"), or from other appropriate reference sources of manufactures weight, or the shipper may provide carrier with copies of the manufacturer's documents evidencing the weight of the article included in a shipment.

3. Weight Tickets. The carrier shall obtain a separate weight ticket for each weighing required under this item except when both weighing are performed on the same scale, one weight ticket maybe used to record both weighing. Every weight ticket must be signed by the person performing the weighing and must contain the following minimum information:

a. The complete name and location of the scale

b. The date of each weighing.

c. Identification of the entire weights thereon as being the rate, gross and /or net weights.

d. The company or carrier identification of the vehicle.

e. The last name of the shipper as it appears on the bill of lading.

f. The carrier's shipment registration or bill of lading number.

g. The original weight ticket or tickets relating to the determination of the weight of a shipment must be retained by the carrier as part of the file on the shipment. All invoices presented to collect any shipment charges dependent on the weight transported must be accompanied by true copies of all weight tickets obtained in the determination of the shipment weight.

4. The provision of paragraph (2), (3) and (5) of this item shall not apply to shipments consisting solely of machinery (including but not limited to: auxiliary and component parts thereof) which are being transported by household goods carrier pursuant to the definition of household goods in paragraph (3) of Item 40 of this tariff; provided, the weight of each shipment is certified by the shipper thereof on the bill of lading covering such shipments.

5. Reweighing of Shipments. Before the actual commencement of the unloading of a shipment weighed at origin and after the shipper is informed of the billing weight and total charges, the shipper may request a reweigh. **The charges shall be based on the reweigh weight.**

Item 4A – Space Reservation & Cubic Feet

1. Carriers transporting shipments based upon a binding estimate shall determine the size of each shipment transported prior to the assessment of any charges depending on the quantity and size of the items included in the shipment.

2. Space Reservation Agreement:

a. Under this option the carrier and the shipper agree to transport Household Goods based on a binding estimate of cost regardless of the actual space occupied by the shipment and are waiving the option to weigh the shipment. For the purpose of this item a carrier may designate any facility or warehouse to serve as its agent.

(b) A shipment or a portion thereof may be placed in Storage-in-Transit one or more times for a combined period not to exceed 90 days. When not removed from Storage-In-Transit at midnight on the 90th day, liability as carrier shall terminate after such time, the interstate character of the shipment or portion thereof shall cease, the warehouse location shall be considered the destination of the property, the warehouse men shall be the agent for the shipper, and the property shall then be subject to the rules, regulations and charges of the warehouse men. Carrier may terminate the interstate character of the shipment or a portion thereof prior to the 90-days maximum storage-In-Transit period, if payment of the billed charges is not made within the due date stated on such billing. Until all lawful charges are paid property will remain at carrier's or agent's storage location subject to a lien for all such charges.

(c) When Storage-In-Transit is at origin, charges due (subject to Item 20) are affected as follows:

1. Transportation charges due at origin and Storage-In-Transit charges are due prior to the release of the shipment from SIT.
2. Storage charges are due at time of billing.
3. Charges for additional services, advances and other lawful charges are due prior to the release of the shipment from SIT.

(d) When Storage-In-Transit is at a location other than origin, charges due (subject to Item 20) are affected, as follows:

1. Transportation charges due at origin and Storage-In-Transit charges are due prior to the release of the shipment from SIT.
2. Storage charges are due at time of billing.
3. Charges for additional services, advances and other lawful charges are due prior to the release of the shipment from SIT.

At the time of billing under this paragraph, storage charges due to the carrier must be paid in full prior to the release of the shipment from SIT. Storage charges for subsequent days of storage that property remains in Storage-In-Transit may be billed as they become due.

(e) Delivery of shipment to residence from Storage-In-Transit at origin en route or at destination will be made on the day requested, if possible. If prior commitments of carrier prevent delivery on that date, every effort will be made to deliver as soon as possible, subject to the following:

1. If shipment is not removed from storage by the 5th working day (excluding Saturday, Sunday and holidays) after the requested delivery date(s), storage charges will cease to accrue after such date.
2. If shipment is removed from storage prior to the 5th working day after the requested delivery date(s), storage charges will cease to accrue the day after shipment is removed.

(f) The transportation charges to apply when the shipment or a portion thereof is stored in transit will be

1. the percentage due at origin portion of the applicable transportation rate based on total weight or cubic feet of entire shipment, for total distance via all points of pickup and/or delivery (from first point of pickup to final point of delivery), plus additional service charges applicable to each portion of the shipment
2. the applicable storage in transit charges, which must be paid in full prior to scheduling the delivery.

(g) On property consigned to Storage-In-Transit wherein an overflow of property requires a split shipment delivered to the storage location on different dates, the charges for such property shall be as follows:

1. Transportation charges from initial point of pickup to storage location will be based on the combined weight or the cubic feet of the property stored in transit, and computation of transportation charges will be as provided in paragraph (f) of this item.
2. Storage charges in affect on date of initial pickup will be assessed separately on each portion of shipment stored in transit. Storage will be rated separately for each portion added, subject to provisions of this item and Item 109.
3. All subsequent charges will be based on the combined weight or cubic feet of the property stored in transit.

When destination is changed, such change must be recorded on the bill of lading. When the interstate character of the property is terminated at the storage location before expiration of the time limit specified in paragraph

(i), the transportation charges will be computed based on the amount of hours, men and equipment involved in the services provided by the carrier until change of destination address has been made and subject to the provisions of this item and Item 112.

(j) When Storage- In-Transit shipment has been placed into storage at the carrier's or agent's storage location, both the carrier and the warehousemen must have in their possession records showing the following:

1. Storage charges shall continue to apply on the weight or cubic feet of remainder of the shipment.
2. Charges for transportation furnished, if any, for the delivery of the remainder of the shipment shall be assessed on the same basis as would apply to that portion as an individual shipment.

3. All subsequent charges including Storage-In-Transit will be based on the total weight or cubic feet of the combined shipment.

(m) If delivery cannot be made at the address specified on the bill of lading because of the impracticable operation as defined in Item 26 hereof or for any other reason other than the fault of the carrier, and neither shipper, consignor, nor owner designates another address at which delivery can be made, carrier will place the shipment under the Storage-In-Transit provision of this item.

(n) When shipment is placed in Storage-In-Transit, the carrier's limitations on liability also apply to the party in possession of the shipment.

If no notations have been made by the shipper at the time of delivery, the carrier will not be held liable for such loss.

The carrier's Bill of Lading is hereby made a part of this tariff and this tariff a part of the Bill of Lading by this reference. Please See Appendix A for a copy of the front of the carrier's Bill of Lading.

1. The Uniform Household Goods Bill of Lading issued for any shipment accepted for transportation and storage shall have printed on the face thereof a statement reading as follows per the Amendment No. 5 to released rates decision RR 999 decided on January 10, 2012 (see exception):

<p style="text-align: center;">THE CONSUMER MUST SELECT ONE OF THESE OPTIONS FOR THE CARRIER'S LIABILITY FOR LOSS OR DAMAGE TO YOUR HOUSEHOLD GOODS CUSTOMER'S DECLARATION of VALUE THIS IS A TARIFF LEVEL OF CARRIER LIABILITY – IT IS NOT INSURANCE</p> <p>OPTION 1: The Cost Estimate that you receive from your mover MUST INCLUDE Full (Replacement) Value Protection for the articles that are included in your shipment. If you wish to waive the Full (Replacement) Level of protection you must complete the WAIVER of Full (Replacement) Value Protection shown below.</p> <p>Full (Replacement) Value Protection is the most comprehensive plan available for protection of your goods. If any article is lost, destroyed or damaged while in your mover's custody, your mover will, at its option, either 1) repair the article to the extent necessary to restore it to the same condition as when it was received by your mover, or pay you for the cost of such repairs; or 2) replace the article with an article of like kind and quality, or pay you for the cost of such a replacement. Under Full (Replacement) Value Protection, if you do not declare a higher replacement value on this form prior to the time of shipment, the value of your goods will be deemed to be equal to \$6.00 multiplied by the weight (in pounds) of the shipment, subject to a minimum valuation for the shipment of \$6000. Under this option the cost of your move will be composed of a base rate plus an added cost reflecting the cost of providing this full value cargo liability protection for your shipment.</p> <p><u>If you wish to declare a higher value for your shipment than these default amounts, you must indicate that value here. Declaring a higher value may increase the valuation charge in your cost estimate.</u></p> <p>The Total Value of my shipment is: \$ _____ (to be provided by the customer) Dollar Estimate of the cost of your move at Full (Replacement) Value Protection: \$ _____ (to be provided by carrier)</p> <p>I acknowledge that for my shipment I have 1) ACCEPTED the Full (Replacement) Level of protection included in the estimate and declared a higher total value of my shipment (if appropriate); and 2) received a copy of the "Your Rights and Responsibilities When You Move" brochure explaining these provisions.</p> <p>X _____ (Customer's Signature & Date) ----- OR -----</p> <p>Option 2 – WAIVER of Full (Replacement) Value Protection. This lower level of protection is provided at no additional cost beyond the base rate; however it provides only minimal protection that is considerably less than the average value of household goods. Under this option, a claim for any article that may be lost, destroyed or damaged while in your mover's custody will be settled based on the weight of the individual article multiplied by 60 cents. For example, the settlement for an audio component valued at \$1000 that weighs 10 pounds would be \$6.00 (10 pounds times 60¢).</p> <p>Dollar Estimate of the cost of your move under the 60-cents option: \$ _____ (to be provided by carrier)</p> <p>COMPLETE THIS PART ONLY if you wish to WAIVE the Full (Replacement) Level of Protection included in the higher cost estimate provided (above) (on the prior page) for your shipment and instead select the LOWER Released Value of 60 Cents Per Pound Per Article; to do so you must initial and sign on the lines below – I wish to Release My Shipment to a Maximum Value of 60 Cents per Pound per Article</p> <p>_____ (Customer's Initials) I acknowledge that for my shipment I have 1) WAIVED the Full (Replacement) Level of protection for which I have received an estimate of charges; and 2) received a copy of the "Your Rights and Responsibilities When You Move" brochure explaining these provisions.</p> <p>X _____ (Customer's Signature & Date)</p>

To calculate the charges applicable to the shipment as delivered that carrier shall multiply the percentage corresponding to the portion of the shipment delivered by the total charges (including accessorial and terminal charges) applicable to the shipment as tendered by the shipper. If the charges computed in the manner set forth above exceed the charges otherwise applicable to the shipment as delivered, the lesser of those charges shall apply. 3. In the event that the charges due to the carrier for the transportation of the entire shipment cannot reasonably be determined at the time any portion of the shipment is tendered for delivery, the carrier shall determine and collect the charges for the portion of the shipment being delivered. The total charges assessed by the carrier for the transportation of the separate portions of the shipment shall not exceed the charges due for the entire shipment.

2. If the shipment has been dispatched and is en route to the customer's requested destination and a change of venue is requested, the customer must pay the entire balance on the current move that is en route in addition to a fee of \$200.00. The change of venue will then be considered a new move with the carrier and a new contract must be executed. The origin for this new move must be the current location of the shipment and the destination as the requested change of venue. Before the shipment can be transported, the carrier must send copies of the contracts to the customer electronically and those contracts must be signed before the change of venue can be performed. If the customer returns the contracts, carrier must reroute the shipment to the requested change of venue. If the customer refuses to sign the new contracts in agreement, carrier is not permitted to change the venue and must deliver the shipment to:

1. The rate, classification, or commodity description or weight claimed to have been applicable.
2. Complete tariff authority for the rate, classification, or commodity description claimed.

Section 6: Claim records

At the time a claim is received the carrier or his agent shall create a separate file and assign it a successive claim number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the written acknowledgement of receipt required under Section 7. If pertinent to the disposition of the claim, the carrier shall also note that number on the shipping order and delivery receipt, if any covering the shipment involved.

Section 7: Acknowledgement of Claims

Upon receipt of a written claim, the carrier shall acknowledge its receipt in writing to the claimant within 30 days after the date receipt except where the carrier shall have paid or declined the claim in writing within that period. The carrier shall include the date of receipt in its written acknowledgement and shall also enter this date on the face of the written claim, which shall be placed in the file for that claim.

Section 8: Disposition of Claims

The processing carrier shall pay, decline to pay, or settle each written claim within 120 days after its receipt by the carrier, except where the claimant and the carrier agree in writing to specific extension based upon extenuating circumstances. If the carrier declines to pay a claim or makes settlement in an amount different from the sought, the carrier shall notify the claimant in writing, of the reason(s) for its action, citing tariff authority or other pertinent information developed as a result of its investigation.

Section 9: Disposition of Unidentified Payments, Overcharge, Duplicate Payments & Over-collections not supported by Claims

(a) (1) Carrier shall establish procedures for identifying and properly applying all unidentified payments. If a carrier does not have sufficient information with which properly to apply such a payment, the carrier shall notify the payer of the unidentified payment within 60 days of receipt of the payment and request information which will enable it to identify the payment. If the carrier does not receive the information requested within 90 days from the date of the notice, the carrier may treat the unidentified payment as a payment in fact of invoice charges owed to the carrier. Following the 90 days period the regular claims procedure under this part shall be applicable.

(2) Notice shall be in writing and clearly indicate that it is a final notice and not a bill. Notice shall include: the check number, amount, and date; the payer's name; and any additional basic information the carrier is able to provide. The final notice also must inform payer that: (i) applicable regulations allow the carrier to conditionally retain the payment as revenue in the absence of a timely response by the payer; and (ii) following the 90 days period the regular claims procedure shall be applicable.

(3) Upon the carrier's receipt of information from the payer, the carrier shall, within 14 days: (i) make a complete refund of such funds to the payer; or (ii) notify the payer that the information supplied is not sufficient to identify the unapplied payment and request additional information; or (iii) notify the payer of the carrier's determination that such payment was applicable to particular invoice charges lawfully due to the carrier. Where no refund is made by the carrier, the carrier shall advise the payer of their right to file a formal claim for refund with the carrier in accordance with the regular claims procedure under this rule.

(b) When the carrier that participated in a transportation movement but did not collect the transportation charges, find that an over payment has been made, that carrier shall immediately notify the collecting carrier. When the collecting carrier (whether single or joint line-haul) discovers or is notified by such participating carrier that an overcharge, duplicate payment, or over-collection exists for any transportation charge which has not been the subject of a claim, the carrier shall create a file as if a claim had been submitted and shall record in the file the date it was discovered or was notified of the over payment. The carrier that collected the charges shall then refund the amount of the over payment to the person who paid the transportation charges or to the person that made duplicate payment within 30 days from the date of such discovery or notification.
